

CHECKER *Marathon 4 door Sedan*

CHECKER *Marathon 4 door Station Wagon*

Here are 10 reasons why you will want to see and drive a **CHECKER** *Marathon*

1. Largest, roomiest interior; 30% larger than any 4-door sedan . . . room for 8 adults!
2. Highest, widest door openings—you don't have to be a contortionist to get in or out!
3. Classic styling; built to outlast all other cars!
4. Extra safety, extra strength, extra stability with Checker's totally different Double Channel X—Brace Frame.
5. Built on the same line at the same time using the same skills and materials as the world-famous Checker Taxicab.
6. All other cars look alike—only the Checker is different. No other car looks like or is built like Checker!
7. Now, your choice of V-8 or Thrifty Six cylinder engines —power steering, power brakes, automatic transmissions available.
8. Many inter-changeable, universal parts mean lower cost maintenance.
9. Taxicab economy—limousine comfort in both 4-door sedans and station wagons.
10. We service what we sell—you are assured of factory trained, knowledgeable service people.
