

Dear Sir:

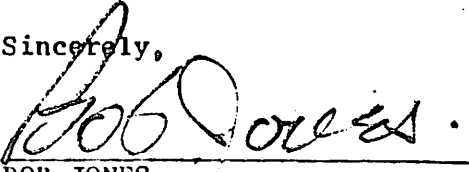

Please accept our thanks for the interest you have expressed in our Checker automobile. I am sending along our brochure, together with some other information, that is pertinent to the Checker.

While it might be well for me to mention that we have sold out completely, for the balance of the 1974 model-run; the information contained herein does pretty much apply to the 1975 model. Of course, along with all other automobile manufacturers, we will be installing the Catalytic Converter - (anti-pollution device -- Gov't required).

It is in our plans to begin deliveries of the 1975 models around the second week of December, 1974. Although we do not, as yet, have the new price list; we do expect a price increase of, from: 8% to 10%.

You may, if you wish, use the enclosed Price List and check off the model you'd like; together with any of the options you might wish to have on your new Checker. Return this Price List, to my attention, and I will be happy to quote a special price (factory direct to you) F. O. B. Kalamazoo.

Sincerely,

BOB JONES,

Factory Sales Representative.
